

The A.C.T. Program

We have developed a series of classes designed to assist regular, everyday citizens in "bridging the gap" between concealed/open carry and self defense. We help you gain the extra edge needed to not only retain your gun, but also protect yourself in the moments that you need it.

You will learn a simple, but highly effective system based around various styles and systems such as Krav Maga, Hapkido, USMC MCMAP, Aikido & Jiu-Jitsu. Each level will develop new skills including retention, take-aways, moving target, moving and shooting and so much more. It doesn't matter if you are 18 or 81...The moves we will teach you are easy to learn and effective no matter your size, age or gender.

This is a program you will NOT want to miss!
